Threaten Trial For S.C. Official Who 'Misused' Taxpayers' Money

A threat to put the minister of economic affairs, A. J. Hooke, on trial for 'misuse' of public funds, was made last week as the Alberta election campaign moved into the home stretch.

The charge was made by Liberal leader Harper Prowse, who said he would attempt to have the minister tried before the legislature and made to pay for alleged use of public funds for Social Credit campaign material.

The threat drew a reply from Attorney-General Lucien Maynard, who said Prowse's charge was "typical of the misrepresentation practiced by the Liberal people which the people of Alberta resent."

Mr. Prowse referred to a series of 14 pamphlets, a booklet entitled "The Alberta Story", and a movie of the same name which, he said, are being distributed through the publicity branch of the department of economic affairs.

"PROPAGANDA"

The Liberal leader said these publications are "nothing more or less than pure political propaganda." He accused the Social Credit administration of a "flagrant abuse of its rights and powers."

The movie alone cost \$25,000 of the taxpayers money, Prowse said.

The government publications, paid for by public funds, are also being distributed by the Social Credit party as a political group, and not as an agency of the government.

Many of the publications Mr. Prowse referred to, and which were printed by the taxpayers' money, are displayed in the offices of the Edmonton branch of the Social Credit League.

The government's action in publishing this "propaganda," Mr. Prowse said, "stems from the basic belief that they can get away with anything."

The evening was very much enjoyed with games and a sing song for entertainment. They also received a beautiful Silver Flower Bowl from Mrs. Olsen's sisters and brothers-in-law.

Hagel, Mr. and Mrs. Fred Miedenger, Mr. and Mrs. Frank Schmaltz, Mr. and Mrs. Leo Schmaltz, Mr. and Mrs. L. L. Schmaltz, Mr. and Mrs. Ken Wright, Mr. and Mrs. Don Smith.

Couple Celebrate Golden Wedding

"The teen-ager should get nine hours sleep," and in fact many do—six in bed and three in study periods. —Richmond Times-Dispatch.

GOING PLACES — A smiling Joan Penny typifies passenger reaction to the new short form inter-line ticket being introduced today by the Canadian National Railways. The new booklet ticket replaces the former unwieldy strip of coupons, like the seven-foot one draped around her neck, which has been in use over the past years for travel on two or more rail lines. The new ticket is compact, is easily read and refunds on unused portions are speeded because the ticket contains all pertinent information as to routing and fare paid.

COOL MILK AND CREAM PROMPTLY

Farmers in this area that sell cream or whole milk are reminded of the fact that prompt cooling of these products is essential for the production of good quality cream and milk. Bacterial action in summer months can cause rapid deterioration or souring. Prompt cooling will slow down and almost stop action of bacteria. Cooling should be done immediately after milking if you are a milk shipper and right after separation if you ship your cream.

Harmful bacteria works fastest at temperatures ranging from body temperature down to 50 degrees F. The temperature of your water supply is generally around 40 degrees F. At this temperature milk and cream keep very well and quality is preserved. Cooling these products in water will maintain their quality and bring higher returns from their sale. Another reason why milk should not be allowed to stay in barns for any length of time after milking is because it picks up animal odors. Milk should, therefore, be removed quickly and cooled if sold as fluid milk or separated without delay and the cream cooled immediately after separation.

National Barley Contest

Again this year as in the past the Barley Improvement Institute and the Brewing and Malting Industries of Canada are sponsoring a Malting Barley Contest. The contest is open to farmers in the malting barley areas such as this area. Only malting varieties (Montcalm and Olli for Alberta) will be acceptable and the contestant must produce one carload (at least 1,667 bushels). Two farmers may go together on a carload. Attractive prizes are awarded in these contests. Entries must be in on or before August 1 in the hands of Mr. A. M. Wilson, Field Crops Commissioner, Dept. of Agriculture, Edmonton. Entry forms can be received from this office upon request. Farmers eligible from this area are encouraged to enter.

Some Ornamental Trees Available

Have you prepared land for trees and have not submitted an application? If so, contact this office for an application immediately. The main types of trees distributed by the Federal and Provincial Governments are still such as caragana, poplar, maple, willow, elm, ash, spruce, and pine. These should and always will form the major part of our shelterbelts. However, the Provincial Government has a limited quantity of ornamental trees for general distribution from the Provincial Horticultural Station at Brooks. The list consists of the following: honeysuckle, Nanking cherry, Gennalian maple, mayday, flowering plum, red elderberry, black elderberry, Russian olive, Chinese hawthorn, Chinese bush cherry, chokecherry, native plum and apple seedlings. It is hoped that by adding a few of these to farm shelterbelts, their attractiveness would be increased. If you are interested in discussing this matter with me, I would be willing to do so. We wish to encourage farmers to plant more trees, to prepare their land now and not to forget to complete that application form this summer.

My Daily Schedule

At Tofield at the town office. Messages can be left by farmers at these points of business.

Farewell To a W.A. Member

CROSSFIELD—The home of Mr.
and Mrs. Clarence Richardson was the
scene of a social gathering,
which took the form of a farewell
to honor Mrs. Ball who, with her
husband, Rev. J. E. Ball, pastor
of Crossfield United Church, is
leaving for Calgary at the end of
the month. The afternoon sociable
was convened by members of the
Senior W.A. with representations
from the United church choir, the
Avanti Group, and the Crossfield
Red Cross sewing group, all of
which Mrs. Ball had close associa-
tions. At an attractive table, daintily
arranged with flowers and a
tempting lunch, the honored guest
was seated with ten of the seniors,
whilst the rest were served a very
delicious lunch in buffet style.
Following lunch the guests were
seated in the spacious living room
and on behalf of the senior WA
Mrs. Lilley voiced the sentiment
of the members who would miss
her congenial personality and tire-
less efforts in WA organization
work. In presenting Mrs. Ball with
a small gift she stated the best
wishes from the members went
with it and hoped it would bring
many happy memories of her as-
sociation with the Crossfield W.A.

Mrs. Michael Charney, in a few
well chosen words expressed the
regret of the choir who would miss
her fine voice and pleasant per-
son. She presented Mrs. Ball with
a small token of the Choir's ap-
preciation, together with their
best wishes and at the same time
a little memento from the Avanti
group.

Mrs. Belshaw, on behalf of the
Red Cross, Sewing Group then
wished her "the best" from those
members and presented her with
a little remembrance. Mrs. Ball
very fittingly replied to each, in
turn, stating that she had enjoyed,
to the fullest her associations with
them during the year.

LETTERS TO LOUISA

Dear Louisa,

I met a boy several months ago whom I like very much and he seems to like me. He takes me to the shows and to supper and we always enjoy being with each other.

I thought he was seriously interested in me until a few evenings ago he told me that the girl he had always loved had married someone else recently. He also said that he would never love anyone else as he had loved her and that he was trying to forget her.

This was a shock to me and I do not know what I should do. Would it be better for me to stop dating him altogether or not? Do you think there is a chance that he will really forget this girl?

ELOISE.

Answer:

If you really like this boy a great deal, I think your best plan will be to keep on dating him

but not to let him monopolize all of your time. Go with other young men but be as pleasant and attractive as you can when you are with this particular one.

Believe it or not, most disappointed lovers do get over their lost loves although they never think that they will. Give him time and when he realizes that he may lose you, he may find that his affections have changed from his old love to a new one.

Good luck,

LOUISA.

Nancy Old Warship Auditors Didn't Know

MIDLAND. — (BUP) — Ontario government auditors were, mighty suspicious of the \$600 item for the upkeep of "Nancy" in Simcoe county books, Warden James Hart said today.

It was only after long, patiently detailed explanations that they were convinced "Nancy" is an old British warship in a park, he said.

Walking into a theatre, and not being able to see anything for a few minutes, I finally found a seat and sat down. I thought someone had left a parcel on it, and I was just about to find out what I was sitting on when a man's voice behind me said: "Pardon me, Miss, but you're sitting on my knee". Was I ever embarrassed!

One day as we were in town, I ran out of money. Seeing a man with a jacket like my father, I ran and gave him a hard poke in the side and said, "Give me some money." As he did not look around I poked him again. A strange face turned around and said, "Lay off me, little boy." You can imagine my embarrassment. —S.M. Coolidge, Alberta.

ELECTION CAMPAIGN IN HIGH GEAR

All Parties Optimistic On Outcome

Optimism was the keynote in the camps of all provincial political parties this week following the nomination of 183 candidates for the 61 ridings at stake in the August 5 provincial general election.

Premier E. C. Manning, at the helm of Social Credit forces seeking a fifth consecutive term in office, was confident his government would be re-elected when the 540,000 eligible voters go to the polls.

In turn, Liberal leader Harper Prowse saw his chances of forming a government as better than E. Roper, was making no election claims, but he appeared sure his party would make important gains in the legislature.

SPEAKERS ON TOUR

All parties turned their "big guns" loose in a series of campaign meetings throughout the province. Premier Manning and most cabinet ministers are traveling up and down the province whipping up support, while Prowse is conducting a whirlwind tour of vital points. The C.C.F. is bringing in national leader, M. J. Coldwell, while B.C. leader, Harold Winch arrived last week.

The outlook among political observers was for re-election of the government, but with its lop-sided majority in the legislature con-

siderably reduced. As the campaign warmed up, considerable signs of dissatisfaction began to develop, with noticeable irritation among the electorate far more widespread than in the last campaign in 1948.

Wracked with internal dissension, the Social Credit party has appealed to the voters to spurn election bids of six independent Social Crediters. Referred to by one minister as "soreheads," the independents are expected to split the Social Credit vote to allow possible election of opposition candidates.

WANT MORE OPPOSITION

A bigger opposition has been the rallying call of the Liberal and C.C.F. parties. Liberal leader, Prowse, last week referred to the Manning administration as an "uncontrolled government running wild" due to lack of opposition.

Major issues in the campaign are the gas export question, and the handling of municipal financing by the government.

The Liberals and C.C.F. claim gas export will deprive Alberta of its chance for industrial develop-

ment. The government contends gas export will have no effect on whether more industry will locate in Alberta.

The government has been most sensitive on the question of municipal-provincial relations. Opposition parties claim promises made by Social Credit to "get the municipalities back on their feet" is proof in itself that the government has mis-managed municipal affairs.

The Liberals and C.C.F. claim that the government has reduced the provincial debt at the expense of municipalities, whose debts have sky-rocketed in the past decade. Opposition candidates say the government is forcing higher

property taxes and putting municipalities into debt by loans to municipalities to cover services which the provincial government itself should provide according to the British North America Act, which regulates federal, provincial and municipal responsibilities.

5-Year-Old Child Passes Suddenly

CROSSFIELD—The district was deeply saddened on Saturday evening when the sudden death of Carol Elaine, 5 years, daughter of Mr. and Mrs. Norman Bills of Crossfield, was reported. Carol was taken to hospital in Calgary and only spent a night there. Sympathy is extended to the bereaved family who are suffering from shock and sudden sorrow.

Garden Club Plan Chinese Garden Party

CROSSFIELD—The Happy Gang Garden Club are planning a "Big Day" for Crossfielders, to take place (weather permitting) on the lovely spacious lawn of Mr. Will Lauts. It is to be a gala affair—a Chinese tea, at which the girls will be garbed in Chinese costume, in fact, it will be a Chinese Garden Party. Please mark your calendar for this novel event, Aug. 25 (Monday). The annual Garden tour will be Aug. 4.

The energetic club, in spite of its mirthful name, felt very blue recently when they found, to their consternation, that some of their 14 precious shrubs had been deliberately yanked up by the roots and thrown away. These shrubs were hard to obtain and were planted with loving care. It would be appreciated, should grown-ups view this vandalism, to please report it to town authorities, where

it will be dealt with properly. The Club members have spent many precious hours weeding and caring for the United Church property, where they had planted the shrubs and flowers, and naturally feel this intrusion keenly.

Mrs. Green, grandmother, is to be thanked for her assistance with hoeing around the property last Friday, with the leader Mrs. Frank Laut and her girls. Mrs. Laut also expressed her gratitude, on behalf of the club, to Mrs. Mabel Lee who spent hours at the last meeting, instructing the girls in the fine arts and habits of China, which will be a great incentive for their Chinese Lawn Social on Aug. 25.

What Benefit Have YOU Received from Alberta Oil?

The Manning Government proclaims that Alberta is benefitting from huge oil revenues. If that is so, you, the taxpayer-citizen of this province should have some personal benefit. But what good has the oil boom done for you?

OIL ROYALTIES: If you are like most farmers of Alberta, holding only surface rights you get a few measly dollars while the government and the oil companies reap millions! A Liberal administration will pay holders of surface rights a royalty of 2½%.

HIGH TAXATION: The huge revenues reaped by the Provincial Government haven't reduced your taxes! While the government wallows in a \$90,000,000.00 surplus fund your town and municipal taxes are higher than ever before!

IMPASSABLE ROADS: The Provincial Government continues to reap automobile and gasoline taxes, but steadily neglects all but a few miles of Provincial highways. With high taxes and high revenues you are still obliged to drive on many Provincial highways that are neglected and so badly rutted and rough that cars and trucks are worn out years before their time.

RURAL ELECTRIFICATION: With millions in excess revenues the Government tells you you can have electric power on your farm if you are prepared to pay \$1,000.00 or more for installation. A Liberal government will speed electrification of Alberta farms with interest-free loans to large co-operatives and thus eliminate the individual financial burden.
